Advantech Wireless Completes \$1M Mobile Antenna Order to Asia

Advantech Wireless is pleased to announce the completion of its recent order exceeding \$1M of Pioneer-Class Mobile Antennas, iPoint Controllers and light weight Ku-band BUCs for a major SNG customer in Asia.

The PIONEER Ku-band antennas are ultra-compact roof mounted systems. The antennas encompass the drive control, positioning hardware and BUC into the aerodynamic antenna enclosure, making the system a robust standalone sub-assembly ready to install onto almost any vehicle.
